

Vacuum Oven

Model # :BOV-90VL

- Stainless Steel Exterior Shell
- Digital Adjust Temperature
- PID Self-Tuning with over temperature alarm.
- Automatic Visual and Auditory alarm after each use / cycle.
- Can apply to drying, cooking, sterilizing, dewaxing,
- Consolidating for industrial and mining entities, healthcare and pharmaceutical industries, and scientific research.
- LED indicators on the Switches
- With Tempered-Glass Window
- Stainless Steel Interior Working Area

Technical Specification

Model	BOV-90VL
Capacity	125L
Ambient temperature	+5~40°C
Temperature control range	50~250°C
Temperature resolution	0.1°C
Temperature fluctuation	±1°C
True air	≤133pa
Stainless Steel	1Cr18N19T1
Number of Trays	7
Power Supply	220V 50Hz
N.W	150kg
Studio size	710×750×1640 (mm)
Cat No.	70302900
